Subject: Meeting with Kit Kennedy-pre Symposium

Trying to get all of you extremely busy people together at one time will be challenging, but let us try. It is very helpful if the six speakers and Kit meet on a zoom conference call to discuss the April 21st Symposium. The meeting does not have to be long, but it will give everyone a sense of how the structure of the morning and panel discussion will be.

I am sending the doodle poll once more. I know how busy you all are but if you have not already and could possibly fill out the times you can come that would be very helpful. If you have filled it out and times have changed, record that as well. We will try to get as many as we can to join to make this productive. Thank you very much! Rhea
